

TF8 (General types)	TF21 (Main types)	TF58 (Special types)
1. Plant production - field crops	15. Cereals, oilseeds and protein crops	151. Cultivation of cereals, oilseeds and protein crops 153. Combined cultivation of cereals, oilseeds and protein crops
	16. Different plant crops on arable land	161. Cultivation of root crops 162. Combined cultivation of cereals, oilseeds, protein and root crops 163. Cultivation of vegetables on arable land 164. Tobacco cultivation 166. Combination of other field crops cultivation
2. Plant production - vegetables, flowers and ornamental plants	21. Vegetables, flowers and ornamental plants in protected areas	211. Cultivation of vegetables in protected areas 212. Cultivation flowers and ornamental plants in protected areas 213. Combined cultivation of vegetables, flowers and ornamental plants in protected areas
	21. Vegetables, flowers and ornamental plants on open field	221. Vegetable cultivation on open field 222. Cultivation of flowers and ornamental plants in the open field 223. Cultivation of other plant species
	23. Mushrooms and nursery	231. Mushroom cultivation 232. Cultivation of seeds and planting material 223. Cultivation of other plant species
3. Plant production - fruits, vine and olives	35. Viticulture and wine	351. Production of quality wines 352. Production of table wines 353. Cultivation of table grapes 354. Other
	36. Fruits	361. Fruit production (excluding citrus, tropical fruits and nuts) 362. Citrus fruit production 363. Production of nuts 364. Production of tropical fruits 365. Combined production of different fruit species
	37. Olives	370. Olive growing
	38. Different types of permanent crops	380. Various types of permanent crops
4. Livestock - cattle, sheep and goat	45. Dairy cattle	450. Dairy cattle
	46. Cow-calf breeding	460. Cow-calf breeding
	47. Cattle breeding - combined	470. Cattle breeding - combined
	48. Sheep and goats	481. Sheep breeding 482. Combination of cattle and sheep breeding 483. Goat breeding 484. Other livestock for grazing
5. Livestock - pig and poultry	51. Pigs	511. Pig breeding 512. Fattening pigs 513. Breeding and fattening of pigs
	52. Poultry	521. Egg production 522. Production of poultry meat 523. Production of eggs and meat from poultry
	53. Pigs and poultry combined	530. Pigs and poultry combined production
6. Plant production - combined	61. Plant production - combined	11. Combination of vegetable and fruit crops 612. Combination of vegetable and field crops 613. Combination of field crops and viticulture 614. Combination of field and fruit crops 615. Mixed crops, mainly field crops 616. Other mixed crops
7. Livestock - combined	73. Livestock - combined, mainly cattle, sheep and goats	731. Milk production - combined 732. Meat production - combined
	74. Livestock - combined, mainly pigs and poultry	741. Combined - pigs, poultry with cattle, sheep and goats for milk production 742. Combined - pigs, poultry with cattle, sheep and goats for meat production
8. Crop production and livestock - combined	83. Field crops with cattle, sheep and goats breeding	831. Field crops with milk production 832. Milk production from field crops 833. Field crops with meat production 834. Meat production with field crops
	84. Various crops with livestock	841. Field crops with pigs and poultry 842. Fruit growing, viticulture and olive growing with cattle, sheep and goats 843. Beekeeping 844. Other vegetable crops in addition to livestock
9. Not classified		900. Unclassified
